How will it look?

EDVIN

The threat to the school was made to us. You chose not to relay that to the Royal House, or Royal infantry.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

NIKOLAJ

Because it was an idle threat. Or so we all  
thought. I say again, we. You relayed as much

How do we proceed.

NIKOLAJ

The Grand Royal House, can never know.

(CONT'D - OS)

The head of the Republic holds no real power, they are the spokesmen of the ordinary, average people of this land. King Hagen VII is revealed to be in a hospital bed clearly sick. He is sat up in bed holding a book titled "The History of King Hagens Royal Land". The book is thick with a map of the country on it. King Hagen VII shuts the book and looks to his grandson. The King uncontrollably coughs blood into a tissue before turning back to his grandson.

KING HAGEN VII

Sorry my boy. Why do you think I'm telling you all this?

PRINCE HAGEN IX

Because I'm going to be King one day.

KING HAGEN VII

One day soon. I'm dying boy. And your father Prince Hagen the eighth isn't young. You must know all this because you aren't just a future King. You're a future King Hagen, and you must continue to Hagen dynasty.

Prince Hagen IX looks down slightly.

KING HAGEN VII

(CONT'D)

Look up boy.

Prince Hagen IX immediately looks up. The King begins to talk stern with his grandson.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

KING HAGEN VII  
(CONT'D)

You are eleven years old, you are no longer a child. You have never been a child. You have always been a Prince and soon, very soon, you will be a King. You must rule over this land with power and fury. Because people will try to take it from you.

PRINCE HAGEN IX  
Who's trying to take it.

The King waits a moment before replying, looking his grandson in the eyes.

KING HAGEN VII  
Everyone.

CUT TO:

**EXT. PONTUSLAND AIRPORT - DAWN**

Pontusland is a the land across the sea from The Kingsland. Pontusland is independent of Kingsland and therefore not technically ruled by the Grand Royal House.

A plane has arrived from Kingsland, surrounded by press and people cheering for who's inside. A man steps out in a nice suit causing everyone to cheer. This man is AKSEL (44), a descendant of King Hagen I who many view has a claim to the Royal House to be King.

Aksel walks down the stairs from the plane smiling and waving at the cheering crowds. Aksel stops at the bottom of the stairs with press flooding in front of him. With microphones in his face, Aksel makes a statement.

AKSEL  
Ive just returned from my trip to the Kingsland. The land filled with disarray and' division. The people of Kingsland are not happy. I cant help but compare it to its neighbours across the sea, to this great land off the sea, to Pontusland. Pontusland is full hope and happiness. I'm happy to be back at Pontusland, I only hope that someday Kingsland can achieve the happiness and the freedom of Pontusland.

One of the reports pushes forward to ask a question.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

REPORTER

Do you know what they've been calling you since  
your trip away sir.

AKSEL

I try not to listen too much to the noise.

REPORTER

The uncrowned King.

The crowd of people around Aksel then begin to chant. The crowd chant in unison, "King forever", continually. Aksel looks around triumphantly before walking through the reporters to his car driven by a chauffeur. His car is clearly very expensive and posh. As he walks to his car the crowd still chants "King forever", he then gets in the back of his car. The car drives off.

CUT TO:

**INT. AKSELS MANSION/ COUNCIL ROOM - DAY**

In Aksels mansion he has a council room set up for invited guests. In this room he has a large table with five seats. Four of those seats are on either side of the table with one seat, Aksels seat, sitting at the head of the table. The room is filled with gold and a paintings of people with gold frames around the room. Behind Aksel at the head of the table is a painting of a woman. This woman is his mother, someone King Hagen had an affair with.

The closest two seats to Aksel sits, on his right, his wife and companion KARINA (27), and to his left, his Vice, TRYGVE (44). Trygve is has been his best friend since birth and his most trusted man.

The seat next to Karina is filled by MARNA (34), his secretary, and PREBEN (37), the navy commander of Pontusland. Aksel has assembled these people for a meeting.

AKSEL

The uncrowned King. That's what they're  
calling me. The uncrowned queen is what  
they called the person behind me.

Aksel turns his chair slightly to look at the painting of the woman behind him.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

AKSEL  
(CONT'D)

My great, great, great, great and so on,  
grandmother. The woman that gave birth  
to the grand King Hagen's true first born.  
My great, great, great and so on, grandfather.  
He was not titled the uncrowned King however.

Aksel turns back around to face everyone.

AKSEL  
(CONT'D)

He was titled a bastard. And from then my  
family has been banished and neglected  
and forgotten, to Pontusland.

Aksel becomes more intense slamming the table before starting  
his next sentence.

AKSEL  
(CONT'D)

Well no more shall I be banished or neglected.  
And I will no longer be forgotten, I will  
be remembered. Remembered as the man, the  
uncrowned King, to take back what is mine.

Aksel slams his fist on the table one more time after  
finishing his sentence. Aksel uses a more calm tone now.

AKSEL  
(CONT'D)

I will take back what is owed. I will take  
back the Grand Royal House. For no longer  
shall it be the Grand Hagen House. It shall  
be the Grand Aksel House.

Trygve and Preben both clap in agreement with Aksel.

TRYGVE  
Hear, hear.

PREBEN  
Hear, hear.

Trygve looks towards Aksel.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

TRYGVE

I have been beside you for many years. Your closest friend since young. And I will be your closest ally as you take back the Royal House.

Aksel gives a look of approval towards Trygve.

AKSEL

And for these reasons, I shall name you my Royal Vice.

Preben turns the attention of Aksel towards him by speaking.

PREBEN

Pontusland's navy will be at your disposal for any battle that might come of the uncrowned King.

AKSEL

And to show my gratitude, you and the Navy will become, the Royal Navy, you my Royal General.

Aksel turns to look at Marna, his secretary.

AKSEL

(CONT'D)

And Marna, you are no longer my secretary. But my Royal secretary.

Marna smiles and nods back at Aksel. Aksel turns towards his wife Karina and puts his hand on her cheek.

AKSEL

(CONT'D)

And my dearest Karina. My loyal wife, weather it be to my last breath, I will make sure the world knows you as the Queen companion. As my Queen companion.

Aksel turns his attention back to the whole table. Aksel stands up promoting the whole table to stand up.

AKSEL

(CONT'D)

This is my Royal Council. My Royal House. The Royal House of Aksel.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

Everyone around the table take turns bowing their heads, starting with the Vice Trygve.

TRYGVE  
King forever.

Next Preben bows his head.

TRYGVE  
King forever.

Next Marna bows her head.

MARNA  
King forever.

Karina doesn't bow her head, but instead puts her hand on Aksels cheek.

KARINA  
My king forever.

CUT TO:

**INT. HOSPITAL/ PRIVATE WAITING ROOM - NIGHT**

Sitting outside King Hagen VII waiting room is Prince Hagen VIII, and Princess Companion Siv. King Hagen is wearing his full uniform that he was putting on in the mirror. Siv is wearing a black dress.

PRINCESS COMPANION SIV  
He's been talking to him for ages.

PRINCE HAGEN VIII  
You know how my father likes to monologue.

PRINCESS COMPANION SIV  
I don't like him putting so much pressure on  
our boy.

PRINCE HAGEN VIII  
And you don't pressure him?

PRINCESS COMPANION SIV  
It's different and you know it.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

PRINCE HAGEN VIII

My boy will be King. A King Hagen. He should  
learn from a great one.

PRINCESS COMPANION SIV

And you won't be a great King Hagen?

PRINCE HAGEN VIII

That remains to be seen.

Princess Agnete the Royal Finance Director, walks into the  
private waiting room wearing a black dress. Prince Hagen VIII  
and Siv stand up to greet her, the two of them hugging her.

PRINCESS AGNETE

Why are we waiting outside.

PRINCE HAGEN VIII

He wants to talk to my son.

PRINCESS AGNETE

To the future King.

PRINCESS COMPANION SIV

Anyone would think my husband is dead.

Princess Agnete sits down next to Siv and Hagen VIII, and  
lights a cigarette.

PRINCESS AGNETE

Oh come on, father has told my dear brother  
everything. He's just trying to make sure his  
legacy truly lives on.

PRINCE HAGEN VIII

Not everything.

Prince Hagen VIII grabs the cigarette from Agnete, making Siv  
annoyed.

PRINCESS COMPANION SIV

Seriously?

PRINCE HAGEN VIII

I'm stressed.

He hands the cigarette back to Agnete.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

PRINCESS AGNETE

What do you mean not everything?

PRINCE HAGEN VIII

Said there was one thing I must learn.

PRINCESS AGNETE

What?

PRINCE HAGEN VIII

You know how he likes to talk in riddles.

PRINCESS COMPANION SIV

He should use his final months alive to relax.

PRINCESS AGNETE

Relax? This is the most stressful days for  
any King. To make sure his family and his  
legacy will remain in tact.

PRINCESS COMPANION SIV

No one would challenge a King Hagen.

PRINCESS AGNETE

No one would challenge King Hagen the seventh.  
The same may not be said about King Hagen  
the eighth.

This is the first time Hagen VIII has heard his name with the  
King title out loud. This makes him look towards his sister  
with a slight nervousness.

The next person to arrive, is Prince Einar with PRINCESS  
ELLINOR. Princess Ellinor (28), is the youngest child of King  
Hagen VII, she is close with Prince Einar and much less close  
with her other siblings.

Prince Einar is wearing a black suit, not his uniform, with no  
medals. Princess Ellinor is wearing a black dress.

The two of them sit down in a set of chairs away from their  
other siblings.

Prince Hagen VIII looks over at Prince Einar with a look of  
disgust. He shakes his head and looks away from them. Hagen  
VIII, murmurs to his wife and Princess Agnet.

PRINCE HAGEN VIII

It's embarrassing. A so called member of  
the Royal House, sitting in there in a  
cheap suit.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

Prince Einar over hears Hagen VIII murmuring.

PRINCE EINAR

I would happily wear my uniform if it and  
my medals, weren't taken with it.

PRINCESS AGNET

And why do you think they were taken?

Prince Einar gives a sarcastic response, mimicking the way to  
greet a royal, bowing his head.

PRINCE EINAR

Please enlighten me with your royal  
wisdom your Royal Princess, the Royal  
Financial Director.

PRINCESS AGNET

Because you're a queer.

Prince Hagen VIII, quietens Agnet not wanting her to speak too  
loud as if it's a secret.

PRINCE HAGEN VIII

Agnet.

PRINCESS AGNET

Princess Agnet. Everyone knows anyway.  
You cant deny it as much as father.

PRINCESS ELLINOR

Let's just try to be here for father.

PRINCESS AGNET

She has a voice does she?

Einar is quick to defend Ellinor.

PRINCE EINAR

Is there anyone you don't hate?

PRINCESS AGNET

None of your lot.

PRINCE EINAR

My lot?

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

PRINCESS AGNET  
As I said qu-

Agnet is interrupted by the door to the Kings private room opening. The Royal Vice, Rangvald steps outside the door with Prince Hagen IX beside him. As Hagen IX enters waiting room everyone stands up. Einar stands up slowly and reluctantly. Hagen IX goes straight to his mother Siv.

PRINCESS COMPANION SIV  
Come on my little prince, lets get home.

They walk away and Einar sits down with everyone else remaining standing.

RANGVALD  
The King would like to speak to the Prince.

PRINCESS ELLINOR  
Which one?

RANGVALD  
The Prince.

Einar has a slight smile at Rangvald saying that. An annoyed smile. Prince Hagen VIII walks into the Kings private room, Rangvald following behind.

**INT. HOSPITAL/ PRIVATE HOSPITAL ROOM - NIGHT**

Prince Hagen VIII and Rangvald enter the Kings hospital room. Prince Hagen VIII stands by the bed, with Rangvald stopping at the door after it shuts, standing by it almost as a guard.

PRINCE HAGEN VIII  
Father.

The King is sitting clearly sick on his bed. He turns to look at Hagen VIII with a stern expression.

KING HAGEN VII  
King Hagen the seventh.

PRINCE HAGEN VIII  
Sorry. King Hagen the seventh.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

KING HAGEN VII

You can no longer except insubordination. You will be a King, the King, a King Hagen the eighth. I have taught you everything to be a King.

Hagen VIII is quick to prove his father right.

PRINCE HAGEN VIII

I must rule with iron fist. I must rule with no remorse. I must rule with no mercy. I must rule with the intentions to further my name, the Hagen name, at any cost. Above all else I have to protect my name and my family.

KING HAGEN VII

Close.

Prince Hagen VIII looks at him confused.

PRINCE HAGEN VIII

Close?

KING HAGEN VII

Above all else protect your name. Then your family.

PRINCE HAGEN VIII

Is this not the same thing.

The king is quick to answer.

KING HAGEN VII

No. There is something that you must teach the future King Hagen the ninth. Something I didn't have to teach you. Something about your heir.

Hagen VIII looks concerned and slightly scared.

KING HAGEN VII

(CONT'D)

You were lucky with your first born, but your son may not be so lucky.

PRINCE HAGEN VIII

I don't understand.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

KING HAGEN VII

In order to continue the Hagen legacy your  
first born must be a boy. Eight Kings in  
a row was no accident.

PRINCE HAGEN VIII

What are you telling me?

KING HAGEN VII

There has been a secret within the Hagen  
House you need not know until now.

PRINCE HAGEN VIII

What secret?

KING HAGEN VII

It's thought the Great King Hagen killed up  
to five daughters before his first born son.  
I myself killed three daughters before you  
were born.

Hagen VIII is stunned not knowing what to say.

PRINCE HAGEN VIII

What?

KING HAGEN VII

In order to maintain the Hagen legacy, the  
first born can not be a female. This can  
not be left to chance. Should your sons first  
born be a daughter, it must be killed.

Prince Hagen VIII is distraught, shocked at this news.

PRINCE HAGEN VIII

A baby. I must kill a baby. You killed three.

The King is quick to silence his son, yelling at him.

KING HAGEN VII

And I'd kill three more. You must do it and  
you shall do it. And the day will come that  
you must relay this secret to your son and  
no one else.

Hagen VIII is quietened by his father yelling and focused on  
listening to his father. The King returns to a quiet but stern  
tone.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

KING HAGEN VII  
(CONT'D)

The Hagen legacy must continue. And you will  
make sure of this yes?

Hagen VIII looks his father in the eyes.

PRINCE HAGEN VIII  
Yes father.

**EXT. HOSPITAL ENTRANCE - NIGHT**

The hospital entrance is flooded with reporters and press. The only thing stopping them from entering is members of the Royal Infantry. The press suddenly erupt at the arrival of ISABELLA. Isabella (27), is the Grand Royal House, Royal Secretary. She is well loved amongst the press and the people of Kingsland. She's wearing a bright yellow dress. Someone in the crowd hands the Royal Secretary, Isabella, a bouquet of flowers. Isabella smiles at the person.

ISABELLA  
Thank you.

**INT. HOSPITAL/ PRIVATE WAITING ROOM - NIGHT**

Isabella walks into the waiting room with everyone looking up at her. Einar and Ellinor just look at her. Agnete and Siv, who returned to the waiting room, look annoyed at her.

PRINCESS COMPANION SIV  
Oh for goodness sake.

PRINCESS AGNETE  
A bouquet of flowers.

ISABELLA  
Someone handed my them. I thought I might  
give them to the King.

PRINCESS AGNETE  
No I think not.

The Royal Vice exits the Kings private room and stands outside the door talking to everyone.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

RANGVALD

The King would like to see all his children  
and the Princess Companion Siv.

Everyone stands up to enter the hospital room with Einar at the end of the line. Everyone enters the private room except for Einar who Rangvald stands in front of to stop entering.

RANGVALD

All of his children. He no longer considers  
you his son.

PRINCE EINAR

At least I'm here, where's Magnus. What kind of  
son is he?

RANGVALD

Prince Magnus, the Royal General is defending  
this House. You tarnish it.

PRINCE EINAR

You know your getting old as well. I look  
forward to your son being the Vice. I  
certainly enjoy his company.

Rangvald is taken back by these comments and becomes annoyed at Einar.

RANGVALD

How dare you. My son would never dirty  
himself with such business.

PRINCE EINAR

I wouldn't be so sure.

The two of them stare at each other, tension rising. Eventually Einar smiles and walks away. Before exiting Einar stops at the door.

PRINCE EINAR

(CONT'D)

I'm sick of being hated for my love.

Rangvald looks disgusted by this comment. Einar exits.

PRINCESS AGNET

Is that a question or a statement.

I'm just wondering her thoughts on why her position is so low in the Royal House.

PRINCESS AGNET

That comes with being the youngest.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

ISABELLA  
Should you be this close to the council room?  
Should you be in the Royal Castle?

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

PRINCE EINAR

I've been doing things I shouldn't for a  
long time.

Isabella smiles at him saying that.

ISABELLA

That's true.

PRINCE EINAR

I want a favour.

ISABELLA

I can't make any promises.

PRINCE EINAR

Whenever the funeral planning begins.

ISABELLA

Yes?

PRINCE EINAR

I'd like my uniform, I'd like to walk with the  
coffin.

Isabella has a look of sadness feeling its unlikely she can do  
this for Einar.

ISABELLA

I'm sorry Einar.

PRINCE EINAR

Your not gonna try?

ISABELLA

No I'll try, I always do. I'm just sorry, for  
everything. You should still have your  
uniform, your medals.

PRINCE EINAR

I think you're one of the few people that think that.

ISABELLA

Maybe in this castle. But not in the Kingsland.

KING HAGEN VIII  
My fathers chair is one I both dreaded and hoped I  
would sit in one day.

RANGVALD  
Your chair sir.

KING HAGEN VIII  
My chair. The only order of business today is  
the statement.

RANGVALD  
Only order of business? Might I add your  
coronation to that order.

KING HAGEN VIII  
No. I'll think about that after we plan  
the funeral.

RANGVALD  
My King, in my experience an early coronation  
is always wise. It settles the people and lets  
any enemies to the house know you are strong.

KING HAGEN VIII  
Right you are. Still I would like the funeral to  
come first.

RANGVALD  
As tradition dictates. However, we should have  
it planned and ready for immediately after the  
funeral.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

KING HAGEN VIII

Of course. Now onto the official statement

NIKOLAJ

(CONT'D)

Listen please, listen. The most important  
thing now is that we continue our  
investigations into the Real Republic.

RANDOM MEMBER

So called Real Republic.

Everyone cheers this before Nikolaj calms people down again.

NIKOLAJ

Yes exactly. With the funeral and a coronation,  
the big events in Kingsland is happening one  
by one. We must make sure they're protected.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

RANDOM MEMBER

Why should we have to protect them?

Everyone cheers again. Nikolaj has to calm them down once more.

NIKOLAJ

Because we are for the people. How can we speak for the people if we cant control them. The people of this land are causing anarchy. Riots everyday and new attacks from the Real Republic. If we cant take pride in protecting the people we are meant to speak for, then what can we?

Everyone goes silent. Everyone silently nods their heads in agreement.

The funeral is planned and everyone has their places. I will not change a single element of the funeral. It was planned by the Royal Vice, Rangvald himself.

Einar interrupts clearly angered, yelling.

PRINCE EINAR

Oh so you're the reason I cant properly honour my father.

Rangvald yells back.

RANGVALD

Your father? Your father? He didn't consider you a son.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

The two of them begin arguing, yelling at each other.

PRINCE EINAR

No matter how hard you try Rangvald, you'll never be a true member of this family. Not by blood. The bastard in Pontus has a better claim to the House than you'll ever have.

RANGVALD

I know my place in this Royal House. This was made very clear to me by your father. As was his feelings that you were no longer his son, due to your dirty temptations.

PRINCE EINAR

Dirty temptations? Is that what were calling the gay sex me and your son have?

Rangvald is shocked by Einar saying this.

RANGVALD

I beg your pardon.

The King interjects to stop this arguing before it becomes more messy.

KING HAGEN VIII

Stop this at once. The funeral is final.

Rangvald planned the funeral for you to not walk with the rest of the family behind the coffin, and to not wear your uniform or medals. And I agree with him. You will be the only child not with the coffin. And Prince Magnus who has chosen to respect father from the front of the Royal Infantry.

Princess Ellinor suddenly interrupts.

PRINCESS ELLINOR

And me.

PRINCESS AGNET

What?

Ellinor stands up and stands with Einar.

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

PRINCESS ELLINOR

I will not walk with my family if they are willing to neglect one of our own. I will walk with Einar behind all of you.

PRINCESS AGNET

She really has found a voice.

KING HAGEN VIII

Fine. Neither of you two will walk with the coffin.

Vilhelm (39) is a senior member of the Royal Infantry and a friend of Prince Magnus.

VILHELM

Come with my boy.

PRINCE HAGEN IX

I need to find my family.

VILHELM

You need to hide boy. They'll all come for you now.

Vilhelm sees more rioters coming his way. He puts a scarf around the boys face and puts him over his shoulder carrying him away.

CUT TO:

## THE ROYAL HOUSE - EP 1 "KING HAGENS LEGACY"

**INT. THE ROYAL CHURCH - DAY**

Einar, Ellinor, Isabella and the Royal Vice are all standing in the church coughing with dirt and blood over their faces. Einar looks over to Rangvald.

PRINCE EINAR

Say it.

RANGVALD  
There has just been-

PRINCE EINAR  
You saw their bodies same as me.

Einar yells.

PRINCE EINAR  
(CONT'D)  
Now say it.

Rangvald answers reluctantly, giving in.

RANGVALD  
King Einar.

They stare at each other as Rangvald hesitates before speaking again.

RANGVALD  
(CONT'D)  
King forever.
